

TRANSFORMATIONAL TECHNOLOGIES

and Their Role in Improving Patient-Reported Outcomes

An intimate, hands-on, 1.5 day course instructed by master laser endodontist Dr. Justin Kolnick at his White Plains, NY clinic.

This restricted class-size course is for Endodontists and General Clinicians seeking pain-free surgical alternatives, treatment options, financial growth, and a hands-on learning experience from a master endodontist.

Course Highlights:

- ✦ Learn the dynamics of laser-assisted endodontics and how it can be used in your most challenging clinical cases.
- ✦ Review clinical outcomes on anatomic variants, perforations, calcified canals, and ledging.
- ✦ Learn laser-assisted protocols for hemorrhage control, laser-analgesia, apicoectomies and more.
- ✦ Basis and guidelines for optimal cleaning and shaping of the root canal system to enhance laser sterilization.
- ✦ Learn laser techniques on single and multiple root canal therapy utilizing the endo Radial Firing Tips.
- ✦ View demonstrations of advanced endodontic techniques and perform step-by-step, hands-on exercises.
- ✦ Learn new concepts such as Laser Patency, Laser Recapitulation and Laser Drainage and Decompression.
- ✦ Understand how applying these new concepts will facilitate Single Visit Endodontics
- ✦ View demonstrations of advanced endodontic techniques and perform step-by-step hands-on exercises on teeth and pig jaws using surgical microscopes

Instructor

Justin Kolnick, DDS

Dr. Kolnick is not only an accomplished endodontist, but is also a world authority on laser-assisted endodontics and frequent lecturer at international endodontic conferences across the globe. Dr. Kolnick attended dental school at the University of the Witwatersrand in Johannesburg, South Africa. In 1982, he graduated from the postdoctoral endodontic program at Columbia University in the City of New York. Dr. Kolnick has been committed to endodontic education, first as an associate clinical professor in endodontics at Columbia University and then as an attending at Westchester Medical Center and associate clinical professor in endodontics at New York Medical College. Dr. Kolnick has also published numerous articles on endodontics.
